Participant Consent Form

Dear Applicant,

I'm pleased to say you have been selected for the Mentor Pilot Scheme as part of the research for my Action Research Project (ARP) which sits within the qualification of Pgcert in Academic Practice in Art, Design and Communication.

You have been selected, in part because I am interested in involving students who have come to the University through alternative routes such as through the Insights programme or are from backgrounds that may have less straightforward access to higher education. This may or may not apply to you, either is fine.

Only my tutor will read the research and a small group of fellow students will see a short ten-minute presentation on it. All participants shall be anonymised in the interests of maintaining confidentiality. If I were to publish all participants would remain anonymous.

I'm happy to discuss any of the above or your involvement. Please feel free to contact me should you wish. I'm also very happy to share my research with you once it's completed. Please let me know if you would like this.

Please sign below and return by email to say you are happy being selected and to take part in the pilot.

I'm looking forward to working with you soon.
